

LITTLE BELLY BREATHS

Playful, Developmentally Appropriate Yoga and Mindfulness Practices for Children

Enhance Concentration, Memory, and Learning. Promote Self-Awareness and Self-Regulation

Through playful, developmentally appropriate breathing, movement and mindfulness practices, students are taught tools and techniques to calm their minds and bodies, resulting in lasting, positive impact on emotional well-being, social skills, physical health and academic performance.

The Little Belly Breaths Yoga and Mindfulness Curriculum

A breathing, movement and mindfulness practice for children that sets the foundation for a calm and balanced mind, while building strong and flexible bodies. The Little Belly Breaths curriculum encourages growth and nourishment in a fun, playful, non-competitive environment. We combine traditional yoga poses with creative expression, storytelling, breathing and mindfulness games and quite a bit of silliness to promote:

- **Physical Strength and Flexibility**
- **Concentration, Focus and Attention**
- **Inner Strength and Body Awareness**
- **Confidence and Self-esteem**
- **Relaxation and Self-control**
- **A Feeling of Well-being and Respect for Others**
- **Love for One's Self, Inside and Out**

Tuesdays in the Music Room | 3:30-4:30

**September 11 - December 11
(12 classes)**

Tuition: \$240 per session (includes any materials)
Enrollment: 4 minimum, 15 maximum
