Zany Zoology -If your interests are on the WILD side, then this is the club for you! Explore the world of animals, from A to Z. Examine an owl pellet, get up close and personal with insects, make art from a fish, build a home for a toad, and much more. Classify creatures that slither, swim, crawl, and fly. Unleash your curiosity as we journey through the animal kingdom!

Extreme Electricity-Zap! Electrify your interest as we build a working telegraph, experiment with conductors and insulators, make a quiz board, build an electromagnet, and much more. This club takes electricity to the extreme! We'll charge up those electrons and send them spinning around the room. It's zapping science that will give your brain a charge!

Ancient Inventions-Hop aboard the Science Matters Time Machine to travel back in time to inventions of the past. Step into the shoes of an ancient inventor and discover how technology that we still use today came to be! Get inspired by the knowledge of the ancients to become an inventor yourself. In this club, discover amazing science throughout history!
